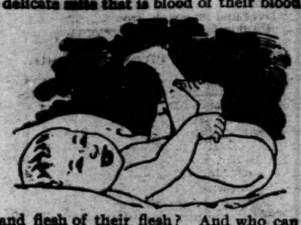
VOLUME CVI.---NO 144. ALEXANDRIA, VA., MONDAY EVENING, JUNE 19, 1905. PRICE 2 CENTS.

No joy or pleasure on this earth quite equals that which comes into the home when baby arrives. Who can describe the happiness of man and woman, joined in wedlock, as they look upon the fragile, delicate mite that is blood of their blood



and flesh of their flesh? And who can depict the hopelessness and dejection that hover about the home where the wife is incapable of becoming a mother? Barrenness proceeds from some derangement of the distinctly feminine organs. Many of the common ailments known as "female troubles" cause it. Dr. Pierce's Favorite Prescription overcomes barrenness by stamping out diseases of women, and by healing and curing ulceration. It tones up the system, stops drains, and restores strength. During gestation it modifies morning sickness, gives elasticity to the overstrained parts concerned, makes the hour of baby's coming short and almost painless, and gives wonderful recuperative power to the patient. By making the mother strong and cheerful, it makes the little one healthy, vigorous and good natured. Insist upon the medicine dealer giving you Dr. Pierce's Favorite Prescription when you ask for it. Substitutes are often dangerous.

Mrs. James W. Blacker, of 629 Catherine St., Syracuse, N. Y., writes: "Your medicines have done wonders for me. For years my health was very poor; I had four miscarriages, but since taking Dr. Pierce's Golden Medical Discovery and 'Favorite Prescription' I have much better health, and now I have a fine healthy baby."

For 21 one-cent stamps to cover cost of mailing *only*, you can get a free copy of that celebrated doctor book, the Common Sense Medical Adviser, 1008 pages, illustrated. Cloth-bound, 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

SCIENCE PREVENTS BALDNESS.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Herpicide destroys the germ that cuts the hair off at the root; and cleans the scalp of dandruff and leaves it in a perfectly healthy condition. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. In less than a month Herpicide had removed the enemies of hair growth, and nature did its work by covering his head with thick hair an inch long, and in six weeks he had a normal suit of hair. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two Dyspeptics

If you are too fat it is because your food turns to fat instead of muscle—strength. If you are too lean the fat producing foods that you eat are not properly digested and assimilated.

Lean, thin, stringy people do not have enough Pepsin in the stomach, while fat people have too much Pepsin and not enough Pancreatine.

Kodol

Dyspepsia Cure

contains all the digestive juices that are found in a healthy stomach, and in exactly those proportions necessary to enable the stomach and digestive organs to digest and assimilate all foods that may be eaten. Kodol is not only a perfect digestant, but it is a reconstructive, tissue building tonic as well. Kodol cures Indigestion, Dyspepsia, Sour Stomach, Heartburn, Palpitation of the Heart and Constipation. You will like it.

Digests What You Eat

Rests the stomach, rebuilds the tissues and gives firm flesh.

Dollar bottle holds 2½ times as much as the trial, or 50 cent size.

CHILDREN MURDERED.

For twenty-four hours up to Saturday afternoon a crowd of searchers from Digby, near Halifax, N. C., had been scouring the woods and the surrounding country for two children who had been missing. Late in the afternoon one of the party found one of them, a babe a year and a half old, and in an hour, farther in the woods, the other was discovered. Both presented a fearful spectacle. The infant was living, but the older child was dead. It was murder, which in one case had succeeded and in the other the crime had almost been accomplished.

A woman, Mary Hope Young, whose husband, she says, was Fred Young, a Boston lawyer, is the mother of the infant, and her dead sister was the mother of the murdered child. Mrs. Young is suspected of the crime.

The infant, Elma Young, was found tied hand and foot. Its mouth had been stopped with the cotton hood it wore, which had been rolled up and bound tightly across its face, covering mouth and nose, and with ribbon its hands had been bound up under its chin. In the struggle to free its hands the cotton which stopped the mouth and nose had become displaced and suffocation was prevented.

The murdered child, May Ward, had not had her limbs tied, but across her mouth and nose was a large burdock leaf, and over this the child's hood had been tightly drawn, while around was bound a quantity of rope yarn. Suffocation must have quickly followed the application of this contrivance. The fact that the body rested as though it had not been moved after being placed in the slight depression in the ground where found, indicated that life was extinct before the little form was so placed.

The parentage of the children is open to some question. The elder, May Ward, is said to be the child of May Ward, formerly of New London, Conn., later of Boston, where she died a couple of years ago, and a sister of Mary Hope Young. The body of the dead child was dreadfully emaciated.

Money has been coming from Boston for the children, and it has been suggested as a motive for the crime, that it was hoped still to get this without the expense of maintaining them. The woman will be arrested.

Mrs. Young is twenty years of age, and was married in Boston in 1902. Her husband, she said, died in September last. She stated that she had adopted May Ward three weeks after her marriage, and that the child's mother still lives in the United States. Elmer Young, she says, is guardian of the little child Elma.

ROYAL ARCANUM.

Howard C. Wiggins, supreme regent of the Royal Arcanum, yesterday pronounced false the published reports that there had been a meeting in Rome, N. Y., of some of the members of the Supreme Council to consider plans to prevent secession of councils from the order, which the report alleged was threatened. Mr. Wiggins charged that certain enemies of the order were circulating false reports concerning it.

"There is no occasion for alarm," he said, "and no occasion for conference upon the part of Supreme Council officers. The statement contained in the report of Saturday, that at every council meeting since the present agitation began from five to twelve members have been suspended is absolutely false and untrue.

"At council meetings which are being held members are being initiated, new applications are being received and others who held $1,000 certificates by reason of the improved plan are making application to have the amount of their protection increased to $2,000 and $3,000 certificates. The rates recently adopted represent the actual cost of protection, as show by our 27 years' experience."

Mr. Wiggins said the courts in various States have upheld the power of fraternal orders to increase their rates of assessment whenever necessary, in order to provide for meeting the mortuary obligations, and similar action to that taken by the Supreme Council had been sustained by repeated decisions. He declared that the Royal Arcanum had distributed over $94,000,000 to the beneficiaries of deceased members and that not a single penny of the money contributed by the membership had ever been diverted from the purpose originally intended.

Attacked by Strike Sympathizers.

Charles Tull, colored, and two companions, who arrived in Chicago yesterday from Iowa, were mistaken for strike breakers while searching for room near west Forty-seventh street and Ashland avenue, and were attacked by a crowd of strike sympathizers. Tull's companions escaped uninjuried, but Tull, after being beaten and chased, was rescued by the police while efforts were making to lynch him.

When the negroes were first attacked, several men seized Tull and struck him with clubs. He finally broke away and ran. The mob followed, and several shots were fired by the pursuers. The shots brought the negro to a standstill, and the mob surrounded him. He was then thrown to the ground and beaten and kicked until he was unconscious

A boy was sent for a rope, but before he returned the police arrived, and the crowd scattered.

Tull was so seriously injured that he was taken to the County Hospital. He may die.

Suicide of a Linguist.

After having been missing for two days, Prof. Leon N. Hasliff, a widely-known teacher of languages, was found dead in a ravine near Richmond. He had taken two ounces of carbolic acid and the greater portion of a box of rough on rats.

A vial containing the remains of the acid was found clasped in his right hand. Another acid bottle lay empty nearby, and the partly emptied box of rat poison was beside it, as was also a razor with the blade open. The suicide evidently had not been able to use the razor. A jury was impaneled and brought in a verdict of suicide.

Prof. Hasliff, a Russian by birth, and a linguist of considerable fame, was once professor of languages in Richmond College. Of late years he had been a private teacher, but had not prospered, and it is believed it was his financial destitution which drove him to suicide. He had once before attempted his life.

In the last few days, it is said, he and his wife had not had sufficient money to buy food. They had no children. Prof. Hasliff went to Richmond twenty-five years ago from Russia. He was at that time well to do, but lost heavily in stocks.

The wife of the unfortunate man, who loved him devotedly, was dazed by the news of his death, and has made threats to kill herself also.

Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption Coughs and Colds, which entirely cured my cough, and saved me from consumption." A grand cure for diseased conditions of Throat and Lungs. At E. S. Leadbeater & Sons, druggists; price 50c and $1.00, guaranteed. Trial bottle free.

Found a Cure for Dyspepsia.

Mrs. S. Lindsay, of Fort William, Ontario, Canada, who was suffering quite a number of years from dyspepsia and great pains in the stomach, was advised by her druggist to take Chamberlain's Stomach and Liver Tablets. She did so and says, "I find that they have done me a great deal of good. I have never had any suffering since I began using them." If troubled with dyspepsia or indigestion why not take these Tablets, get well and stay well? For sale by Gibson & Timberman and W. F. Creighton & Co.

Alexandria Gazette AND VIRGINIA ADVERTISER

SIC SEMPER TYRANNIS

MONDAY EVENING, JUNE 19, 1905.

THE DROWNING of Miss Virginia Downer in the river opposite this city last night is the second instance where young women have met similar fates in the Potomac at Alexandria during the past fourteen years, Miss Marietta Dove having found a watery grave July 4, 1891. Both were at the portals of womanhood, and the circumstances in connection with the accidents are sad chapters in the history of the city. Miss Downer, the last one over whom the waters closed, was a visitor in Alexandria and had come among us full of bright anticipations of a happy stay with friends who were vieing in making her visit as pleasant as possible. Her untimely end has naturally thrown a pall over a large circle, young and old. The circumstances in connection with the drowning are given elsewhere in the Gazette, and they naturally cause comment. While all recognize the fact that it is futile to make observations after such a sad event, it may be gently suggested that too much precaution cannot be taken when women enter frail rowboats or canoes. Occasionally a fatal accident or a narrow escape is chronicled as a reminder of this fact. A canoe is by no means safe with but one occupant, provided that one has but a superficial knowledge of aquatic matters, and when two enter such a boat, especially where one of the occupants is unable to swim, there is more or less danger. It would be adding to the anguish already so keenly felt to say more on these lines, but it is hoped the sad fate of Miss Downer may cause all to be more careful in the future and avoid all risks.

THE ACTION of Mayor Paff in his endeavors to give the people of Alexandria a sane Fourth of July will meet with the hearty approbation of his constituents. It is a movement in the right direction and should have been made long ago. The celebration by a small minority of the Fourth of Jnly and Christmas in a wild and fanatical manner has ever been deplored by people of quiet natures, while the anxiety incident to such occasions has grown with the years. In the olden times youngsters who discharged the innocent powder-cracker—no thicker than a pencil—were not molested, and with the occasional sound of such and a sunup and sundown salute on the hill now known as Battery Rodgers the day passed away in a rational manner. But of late most of the streets and especially certain intersections of streets have been veritable pandemoniums on two of the most prominent holidays of the year—so much so that it has often been dangerous to pass certain points where cannoncrackers were flying through the air and half-drunken men and boys were posing with chips on their shoulders. Such scenes should never have been allowed, and Mayor Paff's action will be hailed with the commendation it deserves. In connection with the above it may be stated that a little boy in Buffalo, N. Y., had one of his eyes blown out last night by a cannoncracker which had been dropped upon his head by a man.

PRESIDENT ROOSEVELT finds himself confronted with one of the most embarrassing situations of his career as a result of his effort to shield his friend, Secretary of the Navy Morton, from prosecution for granting rebates to the Colorado Fuel and Iron Company while an officer of the Santa Fe Railroad. The President realizes the situation is so extraordinary that he must do something to justify his course, and accordingly he has determined to issue a statement regarding the affair through Attorney General Moody. Messrs. Judson and Harmon were employed as special counsel by the government to investigate the granting of rebates by the Santa Fe. They did so thoroughly and apparently recommended that prosecutions should be begun against the responsible officers of the road, including Morton. This course was not agreeable to the President, and Attorney General. Messrs. Harmon and Judson, feeling they could be of no further use to the government, resigned their positions. It is now expected that they will made a complete statement of what happened for publication. In view of this contingency a conference was held Friday at the White House between the President, Attorney General and Secretary Morton, at which it was decided to issue a statement of the administration's side of the case tomorrow.

It was learned after a sham battle on the New England coast a year or two ago that the maneuvers meant more than a simple test between the land and naval forces, and that the movements were intended as an object lesson to a certain restive European power that was at the time showing a disposition to be mischievous in one of the chronic South American broils. It is suggested that the last week's operations against the defenses of Washington may have a double meaning while the same power is again menacing the peace of the world. Should France and Germany lock horns it would be difficult steering to keep England out of the vortex and incidentally the United States. In this connection it may be stated that Admiral Dickins thinks he has demonstrated that naval vessels can pass Fortress Monroe on their way to Washington and Baltimore and also into Hampton Roads.

ONE MAN was killed, one fatally and one seriously injured in strike riots in Chicago on Saturday and two others were murderously assaulted on Sunday. Is it not about time that the Chicago authorities should put a stop to the lawlessness that has prevailed in that city during the past two months?

Yesterday was said to have been the hottest June 18th in twenty-five years and the hottest day of the season was recorded.

The feature of the peace negotiations in which the president is most interested at this time is the arrangement of an armistice. He has tentatively suggested to the belligerents the desirability of a limited truce pending the meeting of the peace commissioners in Washington, but up to this time no action has been announced. It is believed that within a few days Oyama and Linevitch will be instructed by their respective governments to enter into a truce. The most authoritative denial is made here today of the report circulated Saturday, from St. Petersburg, that the Russian goverment had expressed a desire to reopen negotiations for the purpose of substituting The Hague for Washington as the meeting place of the peace envoys.

U. S. Consul Brush at Milan, Italy informed the State Department that Prof. Levi of that city, has found iodine to be a cure for tuberculosis.

New York Stock Market.

New York, June 19.—The speculation has remained extremely dull, but there has been a slight inclination to harden. No prominent news developments were to be noted as inspiring this firmer tone. There has been no pressure to sell in any part of the room, and where buying orders appeared prices were easily moved up.

Great Britain will assist France in settling Moroccan affairs.

Six members of the last General Assembly of Arkansas, including the president of the Senate, are under indictment on charges of bribery, perjury, and conspiracy, and it is believed that at least as many more indictments are yet to come. Another circular attacking the Seaboard Air Line reorganization plan has been issued by the Richmond banking house of John L. Williams & Sons, of which John Skelton Williams, formerly president of the Seaboard, is a member. The circular urges shareholders not to to accept the revised plan, and presents a long series of figures to show that it will pay them better to hold their stock than to exchange it for shares of the Seaboard company, the proposed "holding corporation."

Railroad Accident.

Twenty-five killed, 22 badly injured and others slightly hurt was the result of a head-on collision on the Western Maryland Railroad which occurred at 6 o'clock Saturday evening about one and a half miles south of Patapsco Station, which is about 10 miles south of Westminster, Md. All of the dead and injured were employes of the Western Maryland Railroad, the dead having been engaged in wrecking work, and were on the way to their homes in western Maryland when the accident occurred. The cause of the accident was a head-on collision between a heavily laden freight train of about 18 cars drawn by engines 41 and 43, which was coming toward Baltimore, and passenger train No. 5, which left Hillen Station, in Baltimore, at 5 o'clock that afternoon. The trains, both of which were going at good speed, crashed together at 5:55 o'clock, and just where the blame lies must necessarily be fixed by the officials of the Western Maryland Railroad and a coroner's jury of inquest which will be held in Carroll county near the scene of the accident. Disobedience of orders is now ascribed as the cause of this harrowing loss of life.

The Mayor declared after the case was disposed of that he would not dare to mention the existence of such a law in his own home.

Gen. Gomez Dead.

General Maximo Gomez died at 6 o'clock Saturday evening at Havana. Gen. Gomez, who commanded the Cuban forces during the insurrection which broke out in 1895 and ended with the independence of the island when on May 20, 1902, the control of Cuba was formally transferred to the new Cuban government, was born at Bani, Santo Domingo, in 1836, and came of a Spanish family. He began life as a cavalry officer in the Spanish army in Santo Domingo and served during the last occupation of Santo Domingo by Spain. When the Spaniards were driven from the island Gomez went with the Spanish troops to Cuba, and for a time was in garrison at Santiago. Later he severed his connection with the Spanish army and became a bitter enemy of Spain. He joined the natives in the insurrection of 1868 and fought ten years, being Cuban commander-in-chief from 1873 to 1878, succeeding General Agramonte on the latter's death. When in 1878 Marshal Martinez de Campos succeeded in pursuading the Cuban leaders to make terms of peace Gomez withdrew to Jamaica and then went back to Santo Domingo where he lived on a farm until the Cuban revolution of 1895 broke out and Joseph E. Marti had been proclaimed president. His exploits during the war of independence are well known. He frequently outgeneralled Marshals De Campos and Weyler, winning several victories. In June, 1902, Gomez was appointed inspector-general of the rural guard and commander of all the Cuban militia forces, amounting in all to about five thousand men.

RUSSIANS ROUTED.

Advices from the seat of war in the East show that until last Sunday the Japanese lines to the extreme west had been practically stationary for three months about 20 miles north of Tieling, where the pursuit of the Russians halted. During this interval the belligerents were 30 miles apart. Only skirmishes occurred until last Sunday, when the Japanese made a rush, advancing 20 miles.

Yesterday Field Marshal Oyama announced that a second rush was made Friday, the Japanese occupying a 10-mile line. The whole force followed the railway in its general direction between the Choyang range on the east and the swamps of the Heresu river on the west. The four main roads passing through this territory run parallel with the railway.

Along these roads the Japanese columns, three on each road, advanced Thursday night. The hardest fighting was on the extreme left, where General Mistchenko, with 5,000 cavalry and 20 guns, was finally routed, the Russians retreating in great confusion. The Japanese casualties along the entire front, which was 60 miles wide, were 30 killed, including a number of officers, and 185 wounded.

The Russians burned the villages and incinerated their dead. Consequently computation of their losses is difficult. They were probably heavy. Eighty dead Russians were found on the field in front of the central column of the Japanese left wing. The Japanese now hold the Kuyutsu Sumienching line, 10 miles from the Russian advanced fortifications before Fenghua.

Williams, Richmond, treasurer; vice presidents, A. B. Schwarzkopf, Norfolk; T. W. Goodwin, Roanoke; C. I. Booth, Danville; J. H. Toomer, Portsmouth; E P. Miller, Lynchburg; C. I. Wade, Christainsburg; R. A. Ayers, Big Stone Gap; T. K. Sands, Richmond; R. G. Vance, Waynesboro. A resolution was adopted authorizing the appointment of a committee of seven, consisting of State bankers, to co-operate with legislative bodies on any legislation affecting Virginia's banking interests.

Letter to J. H. Bitzer.

Alexandria, Va.

Dear Sir: Two years ago, Mr Grant Smith, Erie, Pa., painted three frame houses, and the woodwork of a brick house.

The painter estimated $116.50 for the paint, lead-and-oil.

He bought Devoe $97.40 and returned $11.60. Saved $31 00 on the paint.

Don't know the cost of the work. By the rule, the saving of labor would be from $60 to $90.

On all, from $90 to $120.

This is the tale, as it comes from Messrs W F Nick & Son, our agents there for 40 years.

Yours truly,

F W DEVOE & CO

Today's Telegraphic News

Disorders in Russia.

Warsaw, June 19.—Outbreaks on the part of the people which resulted in clashes with the troops have been reported from several parts of Poland. The most important disturbances occurred at Lodz and Balutz.

At Lodz yesterday, while socialists were parading through the city carrying red flags, Cossacks charged upon them. The socialists met the attack by firing revolvers at the troops.

Two men were killed and 35 wounded, five of them receiving mortal injuries. The disturbances were renewed this morning at Balutz. Troops were called out and completely surrounded the factory districts.

Warsaw, June 19.—An attempt was made yesterday to assassinate a police officer. As the officer was walking in the streets a shot was fired at him, inflicting a severe wound. His assailant, who was unknown, escaped.

Odessa, June 19.—Two more factories for making bombs and infental machines have been discovered here Seventeen arrests of men charged with being in the plot to make bombs have been made by the police. The appliances for making the bombs found in these factories are similar to those used in the government grenade factories and appear to have been stolen from some government factory.

Brutal Murder.

Buffalo, N. Y., June 19.—As bloody a murder as was ever committed in Buffalo occurred at 2:15 o'clock this morning, the victim being Mrs. Katherine Avidiso, an Italian. The husband of the woman now under arrest, admits he killed her. A cry aroused the block in which the couple lived, on Illinois street. On a wretched pallet on the floor the woman was found. Her husband, with blood dripping from his hands and clothing, was caught as he was trying to crawl through a window. He had hacked himself on the head with the hatchet with which he had slain his wife. Mrs. Avidiso's head was crushed and her face hacked until her countenance was unrecognizable. Each was about 60 years old. The murderer says his wife objected to his groans, caused by his suffering from pains in the stomach. He says she used a hatchet and attacked him, whereupon he secured the weapon and killed her, then he attempted to kill himself.

Both Claim Victory.

London, June 19.—A dispatch to the Reuter Telegram Company, from St. Petersburg, says that news reached the Russian capital from Godaian, Manchuria, saying that the Russian have recaptured Liaoyangng-wopeng, and Sumiricheng from which they were driven on Friday by the Japanese troops.

Dispatches received last night from Tokio gave an official report from Field Marshal Oyama in which he recounted the taking of these positions which were defended mainly by a force of over 5,000 cavalry and twenty guns commanded by General Mistchenko. According to the Japanese account of the engagement the fighting on the extreme Russian right wing was heavy and the Russians retreated in great disorder, leaving eighty dead on the field.

Mysterious Death.

Boston, June 19.—Mystery surrounds the identity of a young man supposed to be Thomas N. Baker, who was found dead in his room in the lodging house in Upton street, south end, yesterday. Two weeks ago Baker engaged the room saying he was a student and expected to live in the house for the next two years. He said he came from the South. He did not give any further particulars about himself to the proprietor. It is thought that the young man died from natural causes, and every means are being used to find his friends. From some documents found in the room, the police thought Baker might belong in Philadelphia. Unopened letters were found addressed to him from Aiken, S. C. and Goshen, Va.

Murder Mystery.

New York, June 19.—The naked body of a man was found floating near Governors Island by Policeman Gardner Dunham, of the harbor squad, this morning, and as there were evidences that the man had been killed the police think they have a murder mystery to unravel. Examination shows a fracture of the right leg and there are stab wounds in the chest and abdomen. The only clue the police have which may lead to the indentification of the man, are the letters "O. C. T." tattooed on the left arm. The body is that of a man about 40 years old, 5 feet 4 inches in height, and weighed about 125 pounds. He had brown hair and red mustache.

Arabs in Revolt.

Paris, June 19.—A diplomat from the Balkan district who is here at present today received the information in a private dispatch that a force of Arabs who are in revolt are marching on Mecca. The greatest consternation is said to prevail in the palace of the Sultan at Constantinople. His authority rests largely upon the religious prestige coming from the control of Mecca, and it has been freely predicted for years, that his crown would fall if Mecca should ever be lost to him. For this reason considerable importance is attached to the report that Arabs are engaged in a movement to capture that town.

Peace Prospects.

Birmingham, Eng., June 18.—Following up the report telegraphed by the Paris correspondent of the London Daily Mail to the effect the Kaiser has been sounding the powers on the subject of calling an international conference to settle the Far Eastern war, the Post today makes the statement that a draft of what Germany considers to be fair terms on which to settle the war is being circulated among the powers. These terms have been suggested as being likely to insure a durable peace in the far east. The document was prepared by Prince von Buelo, who has had a number of conferences recently with the Russian Ambassador to Berlin. The terms as outlined provide for the payment of an indemnity 25,000,000 pounds to Japan in three annual instalments, the return of all the interned Russian war vessels to Russia, the recognition of a Japanese protectorate over Corea, and the return of Manchuria to China. Russia is to be allowed to retain control of the Manchurian and Eastern China Railways. These terms are so moderate and the fact that they have been issued from the German court to which it is known the Czar has been inclined to look for advice and support in determining to continue the war, at former periods when the agitation in favor of the peace became pronounced, have strengthened the belief of Japan that Russia does not really desire peace at this time, but it is only negotiating to gain time. The Tokio government, the Post claims, has been made all the more determined in its resolve to insist that there shall be no armistice pending the meeting of the peace plenipotentiaries since this draft of peace terms has bee issued.

Attempt to Wreck Train.

Huntington, W. Va., June 19.—An attempt was made to wreck a Norfolk and Western passenger train bound from Columbus to Norfolk, near the centre of the trestle across Lost Creek, the highest trestle on the line. A huge brake chain had been wrapped several times around the rail. The engineer saw the obstruction just in time to stop, otherwise his engine, a day coach, and four Pullman sleepers would have been precitated to the water 150 feet below.

A Norfolk and Western passenger train collided head on with a freight train near the approach of the bridge across the Ohio at 3 o'clock this morning. The engineers and firemen of both trains jumped and saved their lives. The engines were wrecked and traffic was delayed six hours. Walter Howser, a colored brakeman, was probably fatally injured.

Audience With Czar.

St. Petersburg, June 19.—The deputation from the Congress of delegates from the various Zemstvos and manyors of twenty-five of the most important cities of Russia, which was named to present to the Czar the demand of the Congress for the calling of a Zemsky Sobor to which the question of peace or war should be submitted, had an audience today with the Emperor. A positive order was issued against allowing the all-Zemstov Congress as it was called to meet in Moscow, but despite the prohibition put upon them, the delegates assembled on June 6, and formulated their demand. Since then frequent efforts have been made to secure an admission to the Czar, to lay the demand before him, but until today the request was refused.

Modern Woodmen of America.

Milwaukee, June 19.—Estimates of the number of visitors in Milwaukee today to the convention of the Modern Woodmen of America, range from 40,000 to 60,000. The recommendation will also be made to admit persons to membership not directly engaged in the manufacture or sale of liquor.

A Distressing Accident.

A sad accident occurred about ten o'clock last night in the river opposite this city by which Miss Virginia Downer, aged 18, of Norfolk, was drowned. The unfortunate young woman had been visiting at the residences of Mr. J. T. Burke, Prof. A. Hoxton, on Seminary Hill, and Miss Bessie Jones, daughter of Dr. T. M. Jones, and during the short time she had been in this city had made a number of acquaintances, and her death and the circumstances in connection with the same have thrown a gloom over the community, especially in the younger circles in which she had been moving.

The circumstances in connection with the drowning are as follows: Miss Downer had entered a canoe belonging to the Old Dominion Boat Club in company with Mr. John Burke, jr., her cousin, to enjoy a moonlight trip upon the river. They had nearly reached the channel bank on the opposite side of the river when three excursion steamers came along. Two were on their way up the river and the other was going down. Miss Downer was seated in the bow and Mr. Burke in the stern of the canoe. Both were paddling the boat. The swells from the three steamers sent the little craft upon the top of a wave, causing it to careen, when Miss Downer lost her equilibrium and fell out, the boat overturning in the meantime in the trough of the sea. Mr. Burke, with presence of mind, took hold of his companion and, succeeding in "righting" the canoe and told her to hold on until they could be rescued by parties from the shore. The young woman, however, attempted to get into the canoe and in doing so rolled it over, bottom-up. This act she repeated three times, until she was finally prevailed upon by her companion to cling to the overturned boat and remain passive until relief arrived. Both the young man and young woman were almost exhausted by this time, and a huge swell coming along washed both from the canoe. Miss Downer was seen no more, but Mr. Burke, after many efforts to rescue his companion, managed to regain the canoe, to which he held until aid reached him, a boat which chanced to be near by having gone to his rescue.

Mr. Burke's shouts for help had attracted considerable attention from people on the wharves, and it having been noised throughout the city that a young woman had been drowned, hundreds of people subsequently gathered on the river front and a number of boats proceeded to the scene of the accident and an immediate search for the body was instituted, which was continued today, more than a dozen engaging in the work. This morning the Washington police boat Vigilant came down and aided in the search for the body.

About ten o'clock the body was recovered by Messrs. Jos. Mills, Alpheus Robey, Harry Arnold and Guy Wood, who were in a boat dragging the river for it. Mr. J. T. Burke shortly after hearing of the drowing offered a handsome reward for its recovery.

The remains were taken to Demaine & Son's undertaking establishment. After having been prepared they were removed to Mr. Burke's residence. They will be forwarded to the home of the deceased. They will leave here on the Norfolk steamer this evening.

Miss Downer was a native of Norfolk, where her mother, Mrs. Eliza Downer, formerly Miss Eliza Green, who is well-known in this city, resides. Her brother is a lieutenant of the command at Fortress Monroe.

Miss Downer had been visiting Miss Jones for the past week. About a year ago, it will be remembered, Miss Jones visited Norfolk. While there she narrowly escaped drowning at Virginia Beach. Yesterday at dinner reference was made to the coming outing in the canoe. Dr. Jones referred to the narrow escape his daughter had had near Miss Downer's home a year ago, and expressed his apprehensions at the indulgence in such sport by young women. Miss Downer merely laughed at what she considered unnecessary alarm about canoeing and went out.

It is further said that the mother of the unfortunate young woman also had her anxieties, and that at her solicitation Miss Downer made the trip from Norfolk to this city by rail instead of by water.

This is the second instance where young women have lost their lives by drowning at this place during the past fourteen years. On July 4, 1891, Miss Marietta Dove, daughter of Mr. Levi Dove, of lower Fairfax county, stepped off the wharf at the foot of Prince street, after she had landed from an excursion steamer, and was drowned.

The Board of Governors of the Old Dominion Boat Club met this morning and formulated the following order which was later posted at the boat house:

"In view of the distressing accident which has just occurred, the further use of boats is positively forbidden until this notice is withdrawn, and the boat house is ordered closed. By order of the Board of Governors."

The Churches.

Yesterday was a warm day and the heat kept many people indoors, notwithstanding which the churches were fairly well attended. The services were conducted according to the announcements in Saturday's Gazette. In Christ Church in the morning Rev. H. St. George Tucker, of Toiko, gave an interesting account of the missionary work now being done in Japan.

Heavy Rain.

There was a heavy rainfall shortly before 2 o'clock this afternoon. The rain was accompanied by thunder and lighting. The streets were for a time flooded, and the mercury, which had forged beyond the ninety mark, dropped to 78° in less than half an hour. The temperature which prevailed previous to the rain was the most depressing of the season.

New Houses.

Plans are being prepared for handsome modern houses on Prince street, on north Columbus street and north Washington street, it being purposed to erect five on the latter thoroughfare. Mr. W. Leon Clark is the architect and the plans will soon be in the hands of contractors for estimates.

Consecration of Churches.

In addition to the regular closing exercises and services at the Theological Seminary, near this city, two of the chapels in connection with the Seminary missions were consecrated by Bishop Gibson—St. John's Chapel, West End, and the chapel of the Holy Spirit, Howardsville.

The chapel of the Holy Spirit, Howardsville, was consecrated on Saturday morning last at eleven o'clock with the following clergy present, besides Bishop Gibson: Revs. R. W. Micou, D. D.; Wythe L. Kinsolving and S. A. Wallis, rector of the seminary missions. These marched in procession from the vestry room outside the chapel and were met at the front door by Messrs. John Howard and Arthur Cleveland, trustees, and Dr. Blackford and Mr. George C. Stewart, all going up the aisle to the chancel and repeating the 24th psalm with the bishop. The "Instrument of Donation" placing the property under the ecclesiastical authority of the bishop and diocese of Virginia was read by the rector and the sentence of consecration by Dr. Micou, the consecration proper being by the bishop himself. The sermon was preached by Rev. Wythe L. Kinsolving, who was ordained on Friday at the seminary and had been for the past session student in charge at the mission.

St. John's Chapel, West End, was consecrated yesterday morning at eleven o'clock. The services of consecration was, of course, the same, the bishop and the clergy, who were Revs. R. W. Micou, R. K. Massie, Custis Fletcher and R. C. Cowling, marching from the parish hall to the front door of the chapel and being met by the following trustees of the chapel: Messrs. M. W. Cowling, Stuart Watkins, C. W. Rust and Roy Studds, and then going up the aisle, the clergy to their places in the chancel and the trustees to a front pew. Mr. Julian Chauncey, treasurer and trustee, was present at the service. The sermon was preached by Rev. Custis Fletcher, now of Tazewell county, formerly, when student, in charge of St. John's Chapel. Rev. R. Young Barber, in charge during last session, was also present as was also Prof. Green, of the seminary.

St. John's Chapel and the chapel of the Holy Spirit are both attractive buildings, reflecting great credit on the energy of the congregation and their friends in bringing them both to such a happy completion. There is a handsome chancel window in St. John's Chapel to Mr. and Mrs. James Watkins, and in the chapel at Howardsville a beautiful window to the late Mrs. Minnigerode, of this city. The other windows of this chapel have been most artistically decorated by Mrs. Andrews, the designs being suggested by the parable of the true vine of the fifteenth chapter of St. John, with a verse of the parable in each window. The communion table was given by Mrs. Dodge, of this city.

A beautiful carpet was laid down in the chancel of St. John's Chapel, West End, with matting on the aisle, a short time before the consecration.

Want a Quiet Fourth

Mayor Paff, after a consultation with Chief Webster last Saturday night, determined to bring about a new order of things in Alexandria in connection with the observance of the Fourth of July, which is drawing near. The laws of the city and State will be rigidly enforced and the policemen will be held to a strict account for all disorderly happenings in their beats. It has always been contrary to law to use explosives of any sort or to sell the same within the limits of the Corporation, but in by-gone days the discharge of small powdercrackers on Christmas or Fourth of July was winked at, they not being regarded as dangerous and causing but little annoyance. This liberty, however, has developed into a colloseal and dangerous nuisance by the introduction of cannon and dynamite crackers, together with caps placed upon sticks which produce ear-splitting nuisances, the deadly toy pistol, toy cannon, &c. The sale and use of all such contrivances is forbidden by law, and the mass of the community will rejoice to learn that Mayor Paff and his coadjutor, Chief Webster, will attempt to bring about more pleasant conditions next Fourth of July and not allow the city to be captured by the boisterous and thoughtless. With this end in view attention is directed to a state law which makes it a misdemeanor to discharge cannoncrackers within the bounds of the Commonwealth, as well as the city law which forbids the discharge of muskets, fowling pieces or any firearms, or any composition of gunpowder or fulminating powder. [Chapter X, section 19 city code.] Chapter XIII, section 12, is as follows: "No person whatever shall sell, barter or exchange any India or other firecrackers, torpedoes, fulminating or any other exploding powder whatever (gunpowder excepted) within the limits of the corporation of Alexandria. Every person offending herein shall forfeit and pay $5 for each and every offense." The sale of toy pistols has long been a misdemeanor.

Alleged Attempted Robbery.

John Ennis, a resident of south Lee street, was arrested yesterday afternoon on suspicion of having broken into the armory of the Alexandria Light Infantry on south Royal street for the purpose of robbery. About 2 o'clock yesterday morning Offiers Mayhugh and Bell discovered Ennis, who is supposed to be a member of the infantry, in the building, and conversed with him through an iron grating in the door, Ennis stating that he had accidently been locked in. Later the janitor found that the lock had been forced from a back door and several lockers had been broken into and the contents, consisting of shoes, blankets, &c., piled in a heap near the door. Ennis was arrested yesterday evening by Officer Bell and he was brought before Justice Caton in the Police Court this morning. His case was continued.

A Dangerous Mistake.

Mr. M. B. Harlow was the victim of a serious mistake at his home in this city at an early hour this morning. When he arose he did not feel in his normal healthy condition and determined to take a small dose of salts. He went to a drawer where the medicines are kept and took what he supposed was the salts, put it in a glass, mixed it up and swallowed the potion. He suddenly grew sick and upon making an investigation discovered that he had swallowed oxalic acid—a poison. Local remedies were immediately resorted to and Mr. Harlow was soon relieved. He was later attended by Dr. Delaney, and is fast recovering from the effects of the poison.

The steamer will at once resume her place on the Norfolk route relieving the Newport News. There are few more delightful trips that can be taken during the summer than one to Norfolk on the popular steamers of that line.

Cuban Diarrhoea.

U. S. soldiers who served in Cuba during the Spanish war know what this disease is, and that ordinary remedies have little more effect than so much water. Cuban diarrhoea is almost as severe and dangerous as a mild attack of cholera. There is one remedy, however, that can always be depended upon as will be seen by the following certificate from Mrs. Minnie Jacobs of Houston, Texas: "I hereby certify Chamberlain's Colic, Cholera and Diarrhoea Remedy cured my husband of a severe attack of Cuban diarrhoea, which he brought home from Cuba. We had several doctors but they did him no good. One bottle of this remedy cured him, as our neighbors will testify. I than God for so valuable a medicine." For sale by Gibson & Timberman and W. F. Massacred by Pirates.

Details of a terrible massacre by pirates of 150 natives on the Siberian coast has been received at San Francisco in a letter from Petropavlovsk, on the coast of Kamchatka.

A. Morogravlenof has written to his brother, a resident of San Francisco, that in the early part of the year the natives in one of the small settlements down the coast observed a yacht, or schooner, drop anchor in the harbor, and its coming was hailed with cries of rejoicing.

Off the vessel came a number of small boats. The natives could see the crew piling what they thought were supplies into the smaller craft. Then the men pulled for the shore.

During that and the next day there was heard the firing of arms, and later smoke and fire were observed. This led to an investigation from Petropavlovsk and other towns on the coast, and a horrible tale of pillage and massacre was brought to light.

About the streets of the settlement, writes Morogravlenof, were strewn the bodies of 150 of the inhabitants, shot and cut to pieces by the pirates, who, under the pretense of friendship, had gained a landing on the coast. Robbery was their motive, for every hut had been ransacked, and anything of marketable value had been taken.

Who the marauders were, those who managed to make their escape could not say, beyond giving the information that some Japanese were in the party.

Hold Boycotteas Responsible.

The famous case of the F. R. Patch Manufacturing Company against Pain Lodge, International Order of Machinists of Rutland, Vt., tried at the March, 1903 term of the Rutland County Court is again being brought to the front. The attorneys for the company have trusteed the wages of 23 members of the lodge and attached their goods, chattels and estates to the amount of $5,000 to satisfy a judgement of $2,500, awarded the company by the County Court, together with the costs and interest, amounting to about $3,000. This case, which was brought by the company to recover damages for injuries done to their business by boycotting and picketing during the strike of 1902, attracted much attention all over the country. The case was carried to the Supreme Court, which affirmed the decision of the lower court. An execution for the full amount of judgment and costs, with interest, amounting to $2,924.51, was issued against the union on May 24 last and was returned unsatisfied on June 12. This method of collecting damages from strikers is unprecedented in Vermont.

Furious Fighting.

In unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." TO THE OWNERS OF DOGS.

Mayor's Office,
Alexandria, Va., June 1, 1905.

All persons owning or intending to keep any animal of the dog or canine species must come forward on or before
JUNE FIFTEENTH, 1905,
and take out a license for the same from the Auditor. After the NINETEENTH OF JUNE all persons owning or harboring dogs without the required license can be fined (as the laws on the subject require) $5 for every dog so owned or harbored.

Complaint has been frequently made that many persons fail to take out their license, and that others pay on one or two dogs when owning and harboring more, or who send such dogs away during the summer months and bring them back in the fall.

Attention has been called to this evasion of the law, and the policemen will report all such cases, and fines can be imposed upon those who fail to take out licenses after trial in the Police Court.

The police officers will be required to report all violations of this law.

In order to avoid any mistakes persons who make application for licenses would do well to write their names and number of residence, street, &c., on a card or paper when making application for their licenses to the Auditor. FRED. J. PAFF, Mayor.
License and Tag, $1.50.
